

ISFP2024 TOKYO, JAPAN

The 8th World Congress of the ISFP

November 15 to 17, 2024

ISFP

The 8th World Congress of the ISFP in 2024

We will be holding ISFP2024 in Tokyo with the support of the Japan National Tourism Organization (JNTO) and Tokyo Convention & Visitors Bureau (TCVB).

It is envisaged that 600 delegates from all over the world will attend the Congress.

The Congress will take place from November 15 to 17, 2024 at the JP Tower Hall & Conference, Tokyo. We are all looking forward to a very interesting and stimulating congress.

Access to the venue

- 12 hours: Paris
- 10 hours: Los Angeles
- 6 hours: Singapore
- 3 hours: Beijing

1 min on foot from Tokyo Station

ISFP

Greetings from the New President of the ISFP

My name is Nao Suzuki, and I am pleased to announce that I have been appointed as the 8th President of the ISFP. My term of presidency will be from January 2023 to December 2024.

The ISFP is an interdisciplinary group of experts in the field from over 45 countries. The World Congress of the ISFP, held every two years, brings together researchers from all over the world to discuss not only basic research aimed at technological innovation but also clinical research targeting clinical application to provide better medical care for patients. The ISFP has matured into a large academic organization through the efforts of successive presidents, members of the board of directors, and conference participants, who have worked hard to resolve all issues related to this field.

I had the honor of presenting at the first World Congress of the ISFP in Brussels in 2006, and since then I have been guided by Jacques Donnez, the first President, Samuel Kim, the second President, and Pasquale Patrizio, the fourth President. As the 8th President of the ISFP, and the first in Asia, I will work hard to lead the ISFP toward its further development.

The World Congress of the ISFP will be held in Tokyo from November 15 to 17, 2024. We look forward to your participation. Finally, I would like to express my deepest gratitude to Professor Jacques Donnez and Professor Samuel Kim for this valuable opportunity.

Dear members of the International Society for Fertility Preservation,

Welcome to Tokyo, Japan!

On behalf of the Japan National Tourism Organization, I would like to express our appreciation to you for choosing Tokyo.

Tokyo's world class convention facilities, accessibility, unmatched blend of old and new, and broad range of accommodation options will surely contribute to the success of this important conference.

During your visit, I believe that you will be able to experience Tokyo's historic culture, its rich cuisine, and generate new ideas for your future research in this fascinating city that successfully integrates a modern urban lifestyle with traditional culture.

As president of the Japan National Tourism Organization, I am confident that holding the 8th World Congress of the International Society for Fertility Preservation in Japan will ensure an unforgettable and successful meeting for you all.

I look forward to welcoming each and every one of you in Tokyo, Japan.

Yours sincerely,

Atsumi Gamo

President

Japan National Tourism Organization
